48 MOTOR YACHT AND 52 COCKPIT MOTOR YACHT

ROOM AT THE TOP

**T**he Hatteras 48 Motor Yacht and 52 Cockpit Motor Yacht are convincing proof of how good life can be when you've reached the top.

Both are exceptionally comfortable, with more functional living space than you'd expect in a yacht this size. Both are superb examples of the telltale style and quality that reveal to you immediately that these are indeed members in good standing of the Hatteras fleet.

In fact, both the 48 Motor Yacht and the 52 Cockpit Motor Yacht are delightful demonstrations of the Hatteras knack for making the most of a designer's blank sheet of paper.

From the flybridge, you'll find everything you desire for cruising comfort, visibility, and easy access to controls and equipment at the wrap-around helm. The top deck layout features an L-shaped lounge to port, a two-place riding seat to starboard, as well as captain and companion seats at the helm. As you might imagine, the seating and space available here add an exciting dimension to entertaining under the sun.

When your party's ready to escape the sun, the large aft deck is the perfect setting. This completely open and spacious deck can include an optional clear canvas enclosure; or, it can be completely enclosed with heat and air conditioning to create an extra living area.

Whatever your choices are of exterior options, the renowned Hatteras standards for quality and craftsmanship are immediately apparent inside. The interior layout is accented by the traditional Hatteras mid-tone afromosia varnish. And, you have the option of choosing a contemporary lighter ash finish as well.

The mid-ship salon is totally luxurious, complete with a custom upholstered U-shaped lounge, a bar with ice maker, a built-in entertainment center with television and stereo system, and custom designed lighting throughout.

Forward a few steps down, the galley has been thoughtfully designed for life aboard. Its spacious storage and work areas are adjacent to a Euro-style stacked refrigerator/freezer, and are within easy reach of the 240-volt, two-burner cooktop and convection/microwave oven.

Just across the companionway to starboard, Hatteras has placed a dinette with room for four which can be easily converted to a spare berth.

A few steps forward in the companionway locker, a convenient washer/dryer is included as standard equipment.

*The design of the salon and dinette area, shown here looking forward, is open and airy. Its forward windshield (which functions as a skylight) and multilevel decks create a contemporary and comfortable social setting. Forward and down a few steps, the galley and dinette layout ensures that everyone here is always part of the party!*

*The galley is well equipped for preparing food from simple snacks to seven course meals. The cupboards, refrigerator/freezer, and all cooking surfaces are within easy reach; the dinette, with seating for six, is across the companionway.*

*Perhaps the most outstanding feature of the Hatteras 48 and 52 is its large aft deck. In addition to providing an extra area for entertaining, the aft deck can be optionally enclosed to create another complete living area.*

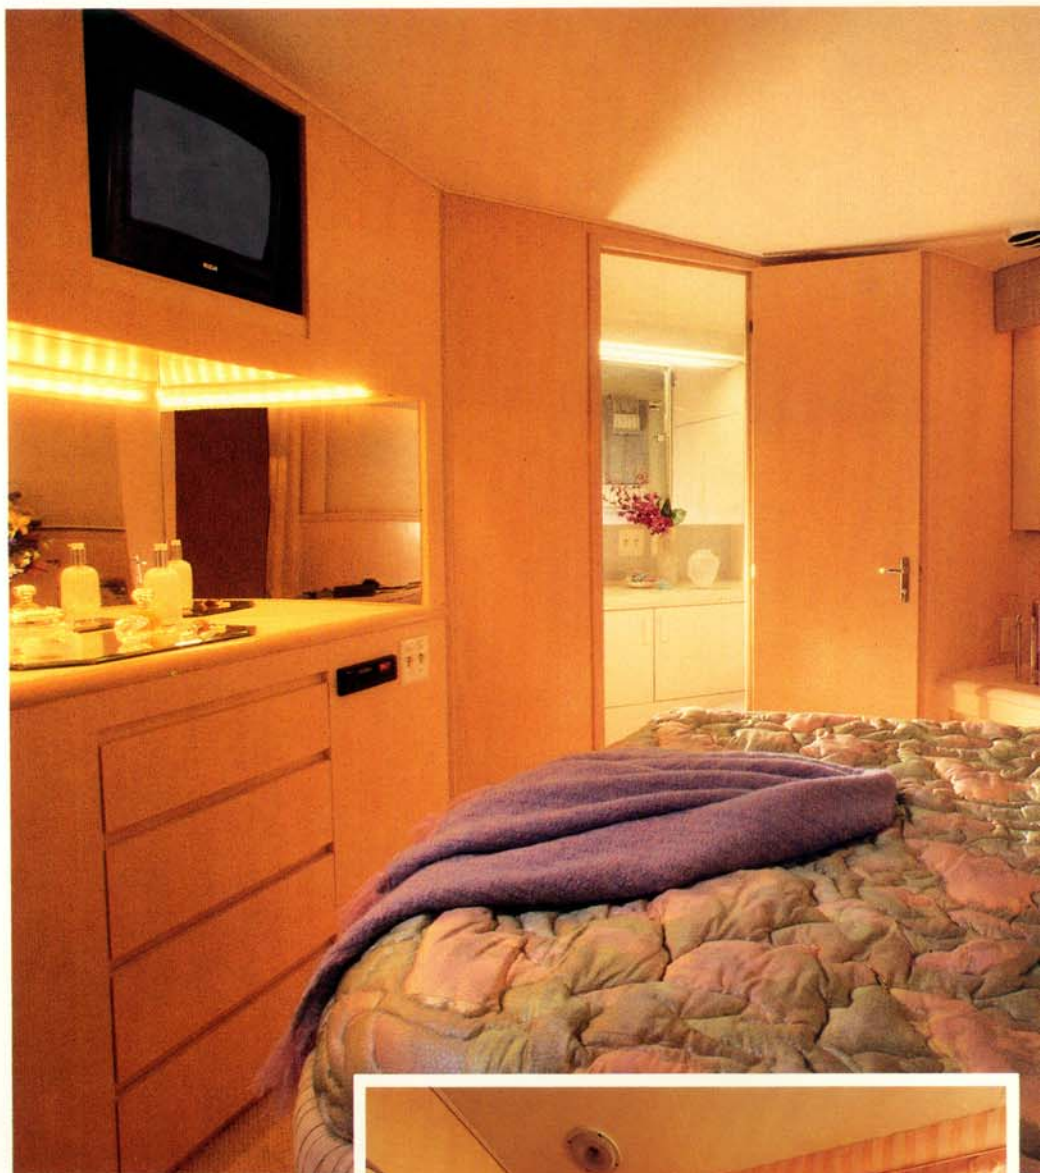

**T**o aft, the master stateroom makes a masterful statement. Its queen-size berth is placed diagonally to open the room for walk-around comfort. Throughout, you'll find the little touches that have built the Hatteras reputation for liveability. These include his and her hanging lockers, nightstands, lighting, and Hatteras quality cabinetry. The dresser unit and vanity, and a separate AM/FM stereo, help complete the creature comforts.

The private master head comes complete with a large Hatteras-size stall shower, one-piece vanity, and ample locker storage.

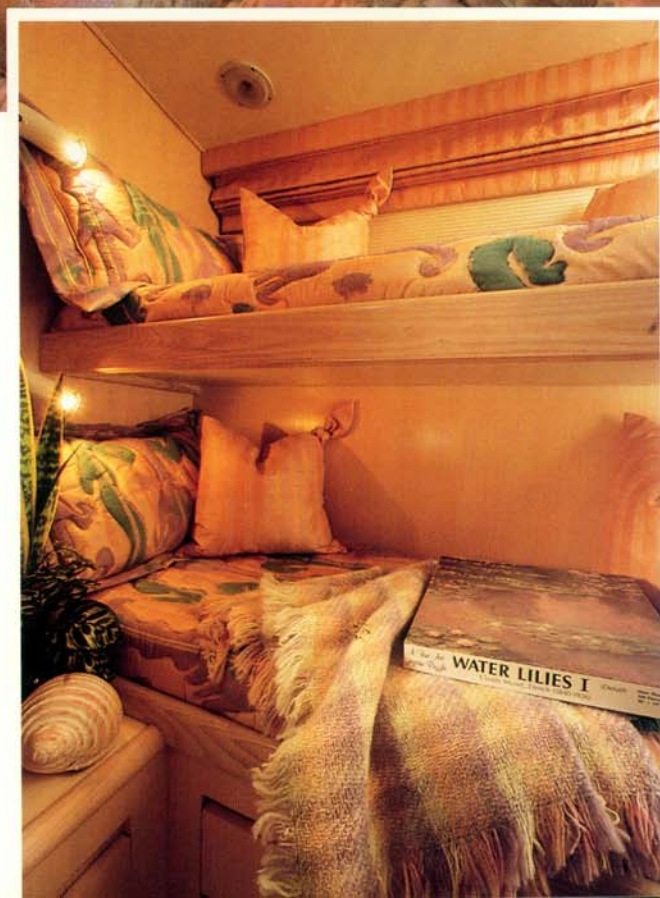

Forward of the master stateroom, a second guest stateroom features full-size upper and lower berths, excellent storage space, and a huge guest/day head across the companionway. If you desire, this stateroom can be converted into a grand owner's suite aft with a walk-in closet and a larger head.

Both the Hatteras 48 and 52 feature the large guest stateroom forward; so large, in fact, your guests may think it's the master stateroom. Richly appointed with a generous walk-around queen-size berth, this stateroom offers large storage drawers, hanging and linen lockers, and its own private head with stall shower.

Whichever options you choose, the Hatteras 48 Motor Yacht and 52 Cockpit Motor Yacht will provide a rewarding fulfillment of everything you've always wanted in yachting lifestyle. Here is the space, the comfort, and the quality that comes at the top of the class.

*The master stateroom aft, shown here with the optional ash-finish interior, is large and comfortable. The queen-size berth is diagonally arranged to create walk-around floor space as well as room for built-in drawers and vanity. The master head with stall shower has its own private entrance.*

*The third stateroom features full-size upper and lower berths with ample drawer and closet space. Its full head is directly across the companionway, and is designed to serve as a convenient day head.*

*The large guest stateroom forward, shown here in the optional ash-finish interior, also provides a walk-around queen-size berth. Plenty of drawer and closet space is available to make your guests feel right at home. And the private head is complete with vanity and full-size stall shower.*

*The layouts show how the Hatteras 48 and 52 can be specified without the third stateroom aft to create a spacious master suite. The suite includes a large and complete private head and a full walk-in closet.*
