56 Motor Yacht

SUCCESS BREEDS GREATER SUCCESS

In the art and science of building luxury fiberglass motor yachts, Hatteras has been at the head of its class. Virtually from its beginning, over 20 years ago.

But instead of resting on laurels, our previous successes are used as starting points for new models.

The 56 Motor Yacht is a prime example of the process. Roam through it and you must conclude, even considering all the triumphs in Hatteras' past, the 56 reflects a level of superlative achievement.

She's a great sea boat, the quintessence of naval architecture and craftsmanship, a classic-lined beauty.

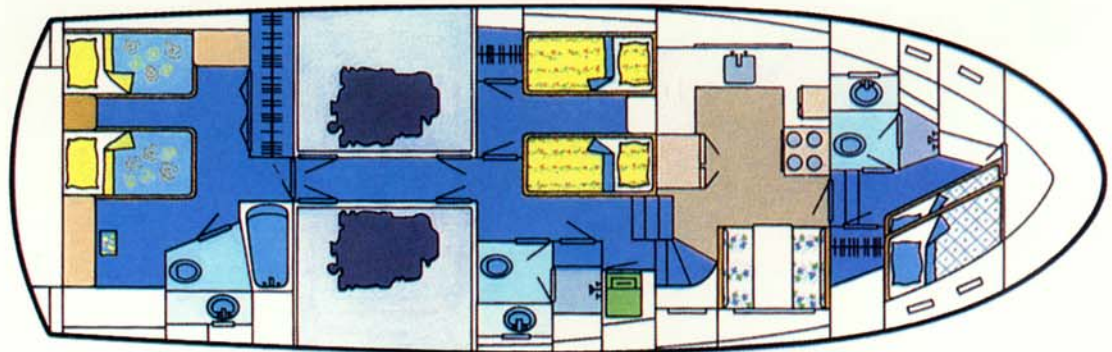

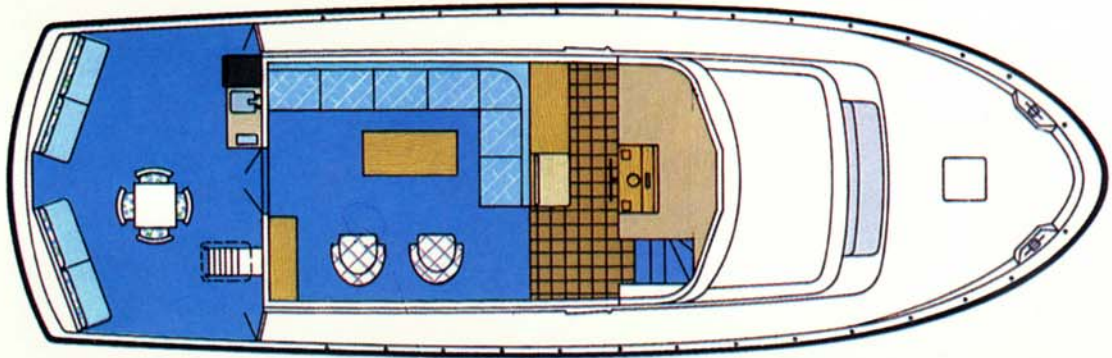

Wet bar, automatic ice maker and storage area. Tucked out of the way on the aft deck, it's there when you want the convenience it affords.

Pilot house with cruising seat for two. Seat divides pilot house from salon.

Aft deck. Just open double doors to enter into salon for a spacious indoor/outdoor entertainment area.

Optional twin berth master stateroom arrangement available.

Perfect for cruising, entertaining, or living aboard. And she has more living room, more storage space, than you'd expect of a 56 footer. One reason for that is her 18' 2" beam. The other reason is our experience in building luxury motor yachts.

The salon, consequently, is more than large. It's comfortably, pleasantly spacious. With double doors to let you expand the space to include the aft deck area.

This aft deck is protected by hardtop and ventilating side windows. It can also be fully enclosed, at your option. Here also is the conveniently located ladder up to the flying bridge and bridge deck.

Everyone wants their moment in the sun. On the bridge deck of the 56 Motor Yacht, everyone can have it. At the same time as everyone else. It's that large. And that comfortable.

The control console on the flying bridge offers complete instrumentation and designed-in areas for mounting your selected electronics.

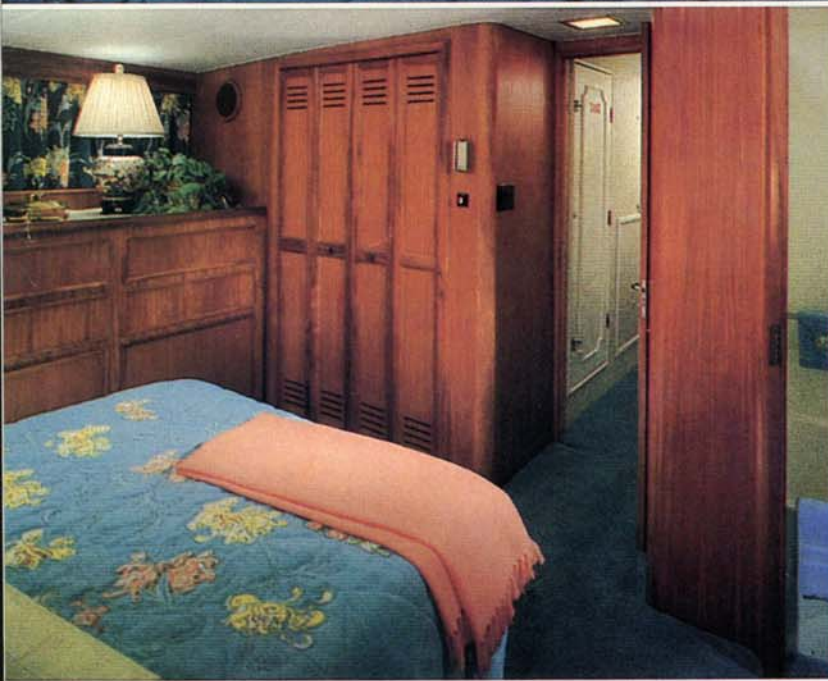

As you would expect in a yacht of this class—a yacht from Hatteras—there is ample opportunity for the owner to add personal touches of equipment and accessories throughout most areas.

Selections are available from Hatteras' extensive custom options list in the 56 Motor Yacht Buyer's Guide, or by special arrangement with your Hatteras Dealer.

Condominium-sized galley is exceptionally spacious—even for Hatteras. Liberal counter space and full-sized appliances enhance that roomy feeling. For those who take pleasure in preparing and serving good food, this is a galley to fall in love with.

Dinette, thoughtfully placed adjacent to galley. Seats four adults in upholstered comfort. Provides hideaway storage areas, too.

Master Stateroom demonstrates beautifully the benefits of a broad beam—queen-sized accommodations, convenient vanity and generous storage space. A twin berth arrangement is optionally available.

Built-in chest of drawers and wardrobe closet with twin bi-fold doors. To the right, companionway leads past twin walk-in engine rooms and separates the forward and after areas for greater privacy.

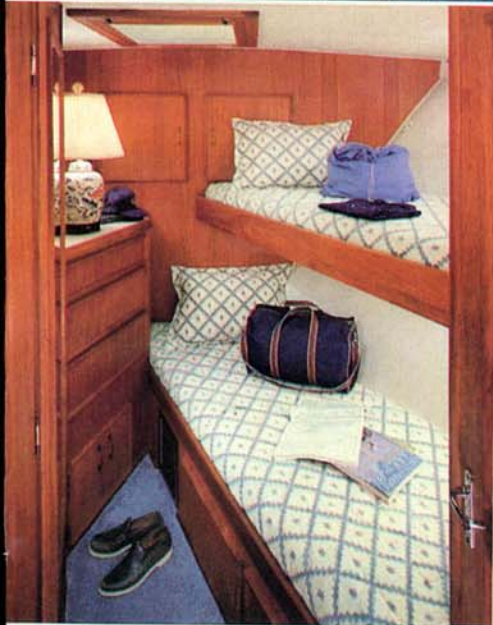

Master head luxury—a tub with shower.

No one can treat you to the luxuries of a home on the water the way Hatteras can. Knowing design and tasteful execution are reflected throughout the entire lower level. The richness of handfitted and handfinished wood creates a natural background for your selection of carpeting, draperies and accessories. Our thoroughly experienced Yacht Fashion staff will be pleased to assist you from their

studio of specially selected collections.

There's so much to be seen in this classic-lined beauty that only a personal walk-through tour will do it justice.

Your Hatteras Dealer will be happy to arrange such a tour for you. And when he does, we believe you will find your boating horizon expanding—right into the spacious Hatteras 56.

Upper left:

Guest Stateroom features twin berths, with well-planned storage above and below.

Upper right:

Guest head has adjacent shower stall.

Lower left:

Bow stateroom over and under berths, roomy dresser.

Lower center:

Bow head is bright, roomy and has its own stall shower.

Lower right:

Space created by the 56's broad beam was utilized in thoughtful ways—such as making room for this substantial linen locker. Forward of linen locker is a hanging locker which can accept an optional washer/dryer.
