HATTERAS
FIBERGLASS YACHTS

The Hatteras 34 Sedan is for family fun

This yacht was designed as a Fun Boat, to provide more enjoyment for the family—and for entertainment.

It has a flush deck cockpit and lounge. The cockpit has 65 sq. ft. of space, and is 34 in. deep. This makes it safer for small children.

From the cockpit, you enter directly through the sliding door bulkhead to the 87½ sq. ft. deckhouse lounge. (No step up or down, same level as cockpit.)

Available either as sedan or Fly-bridge sedan (dual or single control station).

Bridge on the 34 Sedan has a comfortable swivel chair for the helmsman and adjacent seating space for youngsters who want to act as lookouts or observe how easy it is to handle the husky boat.

A 34 Sedan and 34 Sports Cruiser side by side for cocktails.

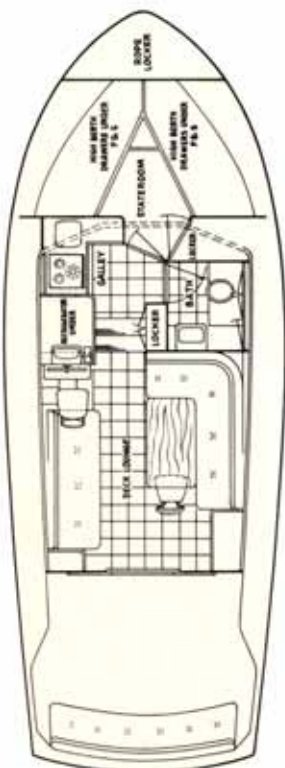

Inside the sliding doors of the deckhouse (6'4" headroom) you'll find an inviting convertible lounge (optional) and a curved sofa that converts into a double bed (can sleep four) also serves as seats for dining. Safety glass on all sides (68 sq. ft.) admits sunlight and seascapes.

There's a 10 cu. ft. refrigerator with freezer in the galley (just a step down from salon). It has a stainless steel sink with hot and cold pressure water; a 3-burner stove with oven; two 110-volt outlets.

Optional dual control in the Pilot House.

In addition to the rope locker, there are 47 cu. ft. of storage space in this stateroom. This consists of 4 large drawers and 2 small drawers beneath the bunks; 3 storage lockers and 1 hanging locker with 2 shelves. There are two 6'4" berths with polyurethane foam mattresses. Headroom here is 6'2". Sleeps two; and has a door for privacy; with ready access to the head and shower just aft of the stateroom.

The forward head has a vanity counter with vitreous china lavatory, medicine cabinet, hot and cold pressure water. A full-size shower with curtain.
