Extended Deckhouse

Your living area aboard the Hatteras Extended Deckhouse Motor Yacht is centered around a home entertainment center that reflects the skill of Hatteras cabinetmakers. It features a deluxe wet bar, stereo/cassette unit, and generous storage space.

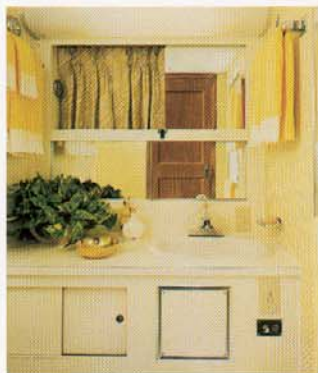

The salon's air-conditioned living space is huge. Low, wide windows add to the spacious feeling when you're entertaining large groups of people. The interior design and furniture placement can also be arranged to suit conversation in smaller, more intimate groups.

In pursuit of the perfect

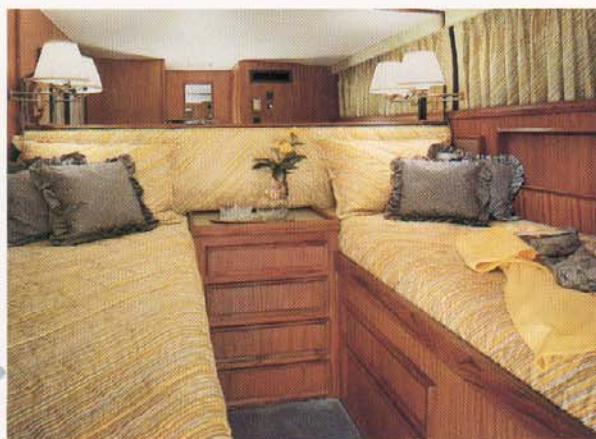

Even with its standard queen-sized berth, the master stateroom offers plenty of walk-around space, and plenty of storage space in beautiful hand-finished cabinets.

Finishing touches in the master stateroom include a built-in chest of drawers, a convenient vanity, and easy access to a wide, cedar-lined wardrobe.

The Master Head further contributes to the luxury and privacy of the Master Stateroom. It features a sink, toilet, separate stall shower, and ample storage.

The guest stateroom features twin berths, a built-in night stand, storage drawers under each berth, an available bulkhead mirror, and its own head and stall shower.

The bow stateroom, with upper and lower berths, rich hand-fitted drawers, and a built-in locker, also features its own head and stall shower.

From the porthole seat. From the companionway, to the entrance of this separate enclosure.

▲ The dinette is immediately convenient to the galley, and accommodates the comfortable seating of four adults. It offers extra storage in the seat bases, and the outboard wall area.

◀ The brightly lit galley includes a window view, and puts within your easy reach a full spectrum of appliances, ample counter and storage space, and room for a microwave oven and trash compactor.

◀ The yacht's carpet floor, to the bulkhead cruising handing view through its tinted win-nsiveness of its helm and chart flats, used pilothouse offers the comfort of weather-protected motoring.

The living space for group entertainment. The private space for individuals. These benchmarks measure the luxury and convenience of any home on the water.

By these and other measurements, the Hatteras 53 Extended Deckhouse Motor Yacht more than measures up.

Compared to many yachts of similar overall length, the square footage of this yacht's salon is nearly twice as large.

This yacht also features three staterooms, each with its own personal living space for two people. Each stateroom has its own head, stall shower, and ample storage.

And with the help of the Hatteras Interior Decorating staff, each stateroom, as well as the spacious deckhouse salon, is open to your own personal decorating touch.

The galley is located only a few steps forward and down from the salon. This arrangement allows generous room for a bright, cheerful galley. It also maximizes the salon's floor space and permits an enclosed all-weather pilothouse, separate from the salon.

Maintenance time and effort aboard the Hatteras 53 Extended Deckhouse Motor Yacht are expected to be low, thanks to the advanced easy-to-operate electrical system, larger generator, walk-in engine rooms, and all-fiberglass hull and superstructure.

She even offers separate, out-of-the-way locker space for a clothes washer and dryer.

The entire layout gives a feeling of welcome to family and friends, in large or small groups.

Ask your Hatteras dealer for a personal tour of this luxurious motor yacht.

As your new home on the water, a Hatteras 53 Extended Deckhouse Motor Yacht may just end your search for perfection in a live-aboard yacht.

We've christened this motor yacht "53 Extended Deckhouse" for a very warm and sociable reason: it gives you more up-top, air-conditioned living space than any other boat of its size on the market today.

To accomplish that, we've taken the usual amount of salon floor space available in boats this size and extended it both aft and to the sides.

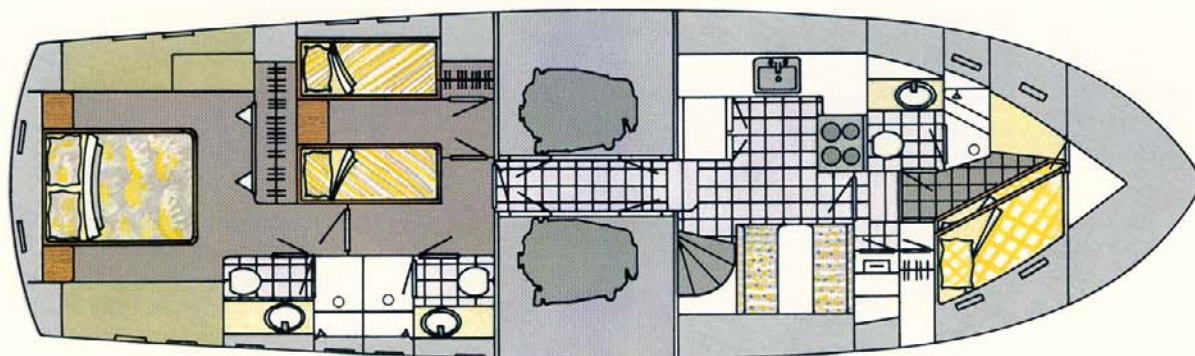

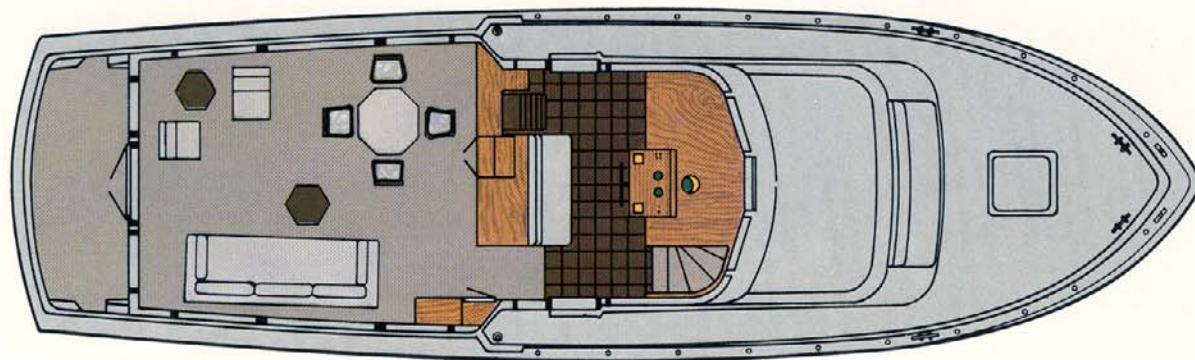

The result is an up-top salon well suited to entertaining. Large enough to allow her owners to place furnishings in a variety of arrangements that accent several small groups of friends. Yet the overall floor plan is roomy enough to comfortably accommodate a large group of people.

These features were planned to make this motor yacht a luxurious and graceful hostess for her owners and their guests.

And also to assure you, the future owner, that this motor yacht contains the personal touches and high quality you'd demand if you were custom-building any new year-round or vacation home.

The Hatteras 53 Extended Deckhouse Motor Yacht. Its name is a perfect description of its spaciousness.

And the perfect reason to put a name of your own on its transom.
