65 MOTOR YACHT
70 COCKPIT MOTOR YACHT

*Designed around the premise that your lifestyle is a matter of choice.
But the quality in your life, never.*

The world over, yacht owners measure the quality of life by the Hatteras they own. And for many of them, this has become a tradition of style and luxury to be expected and enjoyed from their first Hatteras to their next.

If you include yourself among this select group, either the Hatteras 65 Motor Yacht or Hatteras 70 Cockpit Motor Yacht may well be your next object of desire.

For here is a choice of two superb motor yachts, both of which offer exciting steps forward to a new level of quality. Both of which go beyond the expected to satisfy your growing passion for live-aboard luxury.

Both motor yachts demonstrate the quality that comes with every Hatteras: contemporary styling with timeless appeal and enduring craftsmanship.

Even from a distance, the design of either motor yacht is alluring. The lines sweep gracefully aft, accentuated by open areas of window. The flying bridge,

with its hand-crafted aluminum radar arch and extended bridge deck, crowns the one-piece sculptured superstructure.

Once aboard, you understand the purpose driving the design. The flying bridge uses style to its advantage, in a delightful blend of liveability and luxury. Abundant and comfortable seating on this deck, from helm and companion seats and U-shaped lounge, serve to make this one of the most pleasurable sun-spots aboard. And the electronics console is both functional and attractive.

The overall length affords a wide, 18'2" beam, for spaciousness throughout. The top deck boasts a full-width salon, a dinette and galley, and pilot house. Below, there's room for four magnificent staterooms, two with queen-size berths, and another, with a king-size!

From top to bottom, the emphasis on both of these yachts is on a level of luxury that speaks softly but clearly. The effect is unmistakably Hatteras.

The main deck puts space to its best advantage. The pilot house, for example, is commanding in every sense of the word. Clearly, its most outstanding attribute is the easy access to the flying bridge. This accommodating feature, typically available only on much larger motor yachts, greatly expands social life aboard the Hatteras 65 MY and 70 CMY. Elsewhere throughout the pilot house, the exquisite craftsmanship of the cabinetry is so beautiful and inviting you may overlook its function. This is, until you put it to use.

Moving through to the galley and dinette, you are struck with its imaginative blend of work-area efficiency and comfort. The galley is equipped to Hatteras standards, with a side-by-side refrigerator/freezer with an icemaker, four-burner cooktop, oven, dishwasher, garbage disposal, and built-in microwave.

The U-shaped dinette to starboard creates an informal setting for conversation and sharing, with comfortable upholstered seating and storage areas underneath.

Then when you enter the full-width salon, don't be surprised if you're taken back to the feeling of your very first Hatteras. This is

the space and the quality that brought you to Hatteras in the first place. Aboard either of these yachts, that means more than 240 square feet of living space for your family to enjoy and your friends

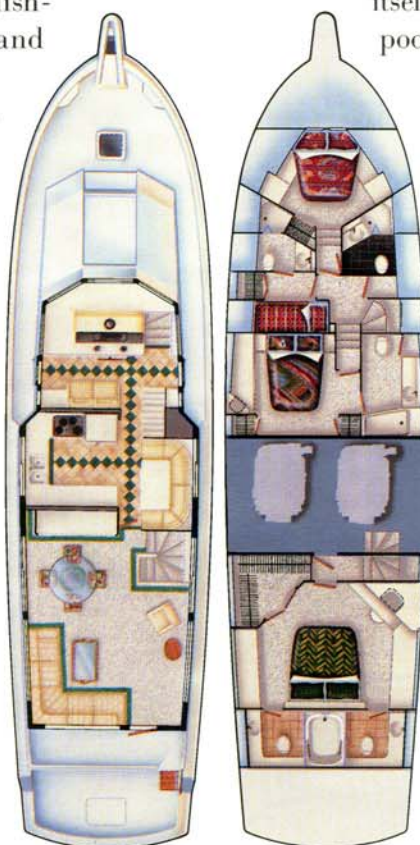

to appreciate. Included is a built-in entertainment center with color television, VCR, and a stereo AM/FM cassette sound system, and a wet bar with glass and bottle storage.

Aft, the salon door leads to a protected, veranda-sized aft deck, which on the 70 CMY, offers access to the cockpit.

The live-aboard luxury continues below where, as you'll see in the following pages, the accent is on privacy. For instance, the private master suite aft features a full-width his-and-her head, a walk-in closet, and king-size berth, while the VIP guest stateroom midships is in itself a master suite with a whirlpool bath and more.

One of these, the 65 Motor Yacht or 70 Cockpit Motor Yacht, may well be your next Hatteras. Please contact your Hatteras dealer for the full story on either yacht, including a personal showing.

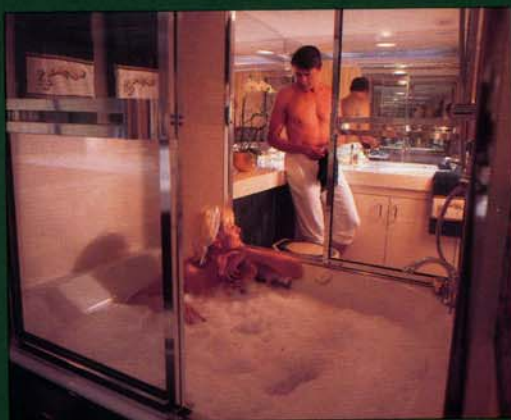

The choice of lifestyle is up to you. The quality and enjoyment in your life is, as ever, in the good hands of Hatteras.

The royal treatment that comes with owning a Hatteras is evident in the master suite aft, with private stairway, tapered king-size berth, and walk-in cedar-lined wardrobe.

The expansive his-and-her head to the master suite includes a whirlpool bath with a shower, and dual entrances, toilets, and vanities.

The bow stateroom has a tapered queen-size berth with ample storage and locker space; the forward port stateroom has full-length upper and lower berths.

The VIP guest stateroom midships is a mini-master stateroom, with tapered queen-size berth, with built-in dressers, nightstands, and a cedar-lined hanging locker.

The private VIP guest stateroom head features a whirlpool bath and shower. The port and starboard forward heads (shown here) include stall showers.
